

glōClear Acne Cleanser

Mission Statement	Salicylic acid is a powerful acne-fighting ingredient that both treats and prevents breakouts. Paired with the gentle scrubbing beads, which help to open pores, this beneficial ingredient is able to deeply penetrate, delivering advanced results.
Recommended For	Acneic skin, congested, oily, monthly or occasional breakouts
Active Interest	2% Salicylic Acid - Smooths skin and improves texture, helps prevent acne and control oil. Scrubbing Beads - Provides gentle physical exfoliation without stress or irritation to the skin. Apple Enzyme - lipo-animated surfactant obtained by the acylation of essential amino acids from apple juice. A natural concept that respects the skins natural barrier. Foaming Agents (Isononyl Isononanoate, Polyhydroxystearic Acid, Ethylhexyl, Sodium Cocamidopropyl Betaine, Sodium Cocamidopropyl PG-Dimonium Chloride Phosphate) - The chemistry from the heat of the body and the friction from rubbing the cleanser into the skin will create a thick lather.
pH	4.0
Directions	With dampened hands, massage a small amount of cleanser onto face. Massage gently into skin for 60 seconds and then remove by rinsing with warm water.
Composition	Active Ingredient: Salicylic Acid - 2% Inactive Ingredients: Amorphous Magnesium Silicate, Butylene Glycol, Cocoyl Isethionate, Disodium EDTA, Ethylhexyl, Fragrance, Iodopropynyl Butylcarbamate, Isononanoate, Isononyl Isononanoate, Methoxynonafluorobutane, Phenoxyethanol, Polyacrylate-13, Polyethylene, Polyhydroxystearic Acid, Polyisobutene, Polysorbate 20, Purified Water, Sodium Bisulfite, Sodium Cocamidopropyl Betaine, Sodium Cocamidopropyl PG-Dimonium Chloride Phosphate, Sodium Cocoyl Apple Amino Acids, Sodium Hydroxide, Xanthum Gum
Notes	If a patient is allergic to aspirin, do not use salicylic acid on them, as they are chemically similar. Do not use over eye area due to salicylic acid
Works well with	Retail products: glōClear Anti-Blemish Cleanser, glōClear Anti-Blemish Treatment, glōClear Complexion Pads, glōClear Refining Mask, glōClear Healing Gel, glōRenew Serum, glōRetinol CS, glōPure Hydration, glōPurifying Oil Control Emulsion, glōClear Refining Mask Professional products: glōEnzyme, glōSalicylic 30%, glōGlycolic 30%/60%, glōTriplex, glōCalming Seaweed Mask

glōClear Anti-Blemish Cleanser

Mission Statement A lightweight, oil-free cleanser to detoxify your skin by removing impurities and excess oil without drying. Enriched with soothing ingredients to calm and soften skin.

Recommended For Acneic skin, congested, oily, monthly or occasional breakouts

Active Interest

2.5% Benzoyl Peroxide - An oxygen-releasing chemical in the organic peroxide family. With application to affected area, it is absorbed and releases the oxygen to destroy P.acnes bacteria and will have some effect on microcomedo formation.

Cucumber - Provides anti-inflammatory and antipruritic benefits. Contains phosphorus and sulphur compounds, vitamins, enzymes, and mild fruit acids.

Chamomilla - Used for years for its anti-inflammatory, antibacterial, antioxidant, antidermatitic and antiseptic properties. Easily absorbed and used to facilitate absorption of other ingredients. When applied to skin that has been treated with laser, it increases skin hydration, surface lipids, skin elasticity and decreased TEWL, to increase the integrity of the skin barrier.

pH 5.7

Directions With dampened hands, massage a small amount of cleanser onto face. Massage gently into skin for 60 seconds and then remove by rinsing with warm water.

Composition

Active Ingredient: Benzoyl Peroxide - 2.5%

Inactive Ingredients: Deionized Water, Sorbitol, Cetyl Alcohol, Stearyl Alcohol, Ammonium Lauryl Sulfate, Propylene Glycol, Glycerin, Phenoxyethanol, Ethylhexyl Glycerin, Matricaria (Chamomilla Recutita) Flower Extract, Cucumber (Cucumis Sativus) Fruit Extract, Rosemary (Rosmarinus Officinalis) Extract, Carbomer, Triethanolamine, Disodium EDTA

Notes

Benzoyl Peroxide commonly causes initial dryness and sometimes irritation, although skin tolerance usually occurs after a week. If the skin becomes irritated by use, reduce the usage frequency. If severe irritation occurs discontinue use. Avoid contact with hair or clothing as Benzoyl Peroxide can cause bleaching.

Benzoyl Peroxide must be used with caution because it is a strong oxidizer and may result in redness due to oxidative stress. Once the breakout is under control, stop using Benzoyl Peroxide and use a maintenance program.

When using Benzoyl Peroxide, avoid unnecessary sun exposure and use a sunscreen daily.

Works well with

glōClear Anti-Blemish Treatment

Mission Statement

This active formulation battles breakouts at the root to destroy current blemishes and prevent future flare-ups. Scientifically proven Benzoyl Peroxide provides instant results, which is key for blemish emergencies.

Recommended For

Acneic skin, congested, oily, monthly or occasional breakouts

Active Interest

5% Benzoyl Peroxide - An oxygen-releasing chemical in the organic peroxide family. With application to affected area, it is absorbed and releases the oxygen to destroy P.acnes bacteria and will have some effect on microcomedo formation.

Aloe Vera Barbadosis - The most medicinally beneficial species of the over 200 known species of Aloe Vera. Improves skin hydration, offers anti-inflammatory benefits, aids in healing and repair of epidermal cells.

Rosemary - A powerful antioxidant and anti-inflammatory. Its numerous, naturally occurring chemicals make it very useful in fighting acne.

Glycerin - Acts as an emollient and lubricant. Also serves as a humectant that draws moisture from the air into the skin.

pH

5.8

Directions

Apply all over face or as a spot treatment in problem areas. Once breakout has cleared, use the glōClear Complexion line to maintain results.

Notes

Benzoyl Peroxide commonly causes initial dryness and sometimes irritation, although skin tolerance usually occurs after a week. If the skin becomes irritated by use, reduce the usage frequency. If severe irritation occurs discontinue use. Avoid contact with hair or clothing as Benzoyl Peroxide can cause bleaching.

Benzoyl Peroxide must be used with caution because it is a strong oxidizer and may result in redness due to oxidative stress. Once the breakout is under control, stop using Benzoyl Peroxide and use a maintenance program.

When using Benzoyl Peroxide, avoid unnecessary sun exposure and use a sunscreen daily.

Composition

Active Ingredient: Benzoyl Peroxide - 5%

Inactive Ingredients: Deionized Water, Propylene Glycol, Glycerin, Sorbitol, Phenoxyethanol, Ethylhexyl Glycerin, Matricaria (Chamomilla Recutita) Flower Extract, Cucumber (Cucumis Sativus) Fruit Extract and Rosemary (Rosmarinus Officinalis) Extract, Aloe Barbadosis Gel, Carbomer, Triethanolamine, Disodium EDTA

glōClear Complexion Pads

Mission Statement	Easy application pads that contain active ingredients to gently break down excess sebum, immediately balance oily skin and help prevent growth of p.acne bacteria.
Recommended For	Acneic skin, congested, oily, monthly or occasional breakouts
Active Interest	<p>5% Salicylic Acid - Effectively penetrates and exfoliates within the pore to smooth skin and improve texture. This action within the pores makes it an ideal exfoliant for use on acne and acne-prone skin. Produces less irritation than alpha hydroxy acids, making it a welcome alternative for those with sensitive skin. It also has anti-inflammatory properties, as well as antiseptic, fungicidal, antioxidant and bactericidal properties.</p> <p>Sodium Chlorite - Breaks apart sebum and bacteria while preventing regrowth of bacteria for extended periods of time. Works synergistically with Salicylic Acid to increase intensity.</p> <p>Citric Acid - Softens skin, acts as a natural preservative, adjusts acid-alkaline balance, is a foam inhibitor, astringent and an antioxidant.</p> <p>Spearmint - Acts as an antibacterial and antioxidant ingredient. On the skin it can relieve the itching and helps with acne, dermatitis and congested skin.</p>
pH	8.5
Directions	Use morning and night following cleansing. Lightly smooth pad over face allowing the solution to penetrate into pores. Allow skin to dry, then apply glōClear Healing Gel. Keep jar closed when not in use.
Notes	Patent No. 6,936,267
Composition	Purified Water, Alcohol Denat., Salicylic Acid, Sodium Chlorite, Lauryl Glucoside, Sodium Bicarbonate, Benzalkonium Chloride, Citric Acid, Sodium Hydroxide, Mentha Spicata (Spearmint) Oil.
Notes	If a patient is allergic to aspirin, do not use salicylic acid on them, as they are chemically similar.
Works well with	<p>Retail products: glōClear Acne Cleanser, glōClear Anti-Blemish Cleanser, glōClear Anti-Blemish Treatment, glōClear Healing Gel, glōClear Refining Mask, glōRenew Serum, glōRetinol CS, glōPure Hydration, glōPurifying Oil Control Emulsion, glōClear Refining Mask</p> <p>Professional products: glōEnzyme, glōSalicylic 30%, glōGlycolic 30%/60%, glōTriplex, glōCalming Seaweed Mask</p>

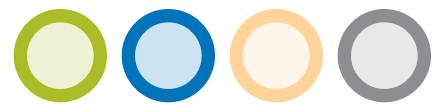

glōClear Healing Gel

Mission Statement	Helps reduce breakout redness and irritation while allowing skin to quickly heal with a smooth, clear surface.
Recommended For	Acneic skin, congested, oily, monthly or occasional breakouts
Active Interest	<p>Niacinamide - Topical application results in increased synthesis of collagen and improving acne affected skin. Additionally, a decrease in inflammation, oiliness, and facial pigmentation has been shown from use.</p> <p>Bromelain - Powerful sulfur-containing, proteolytic enzymes shown to be effective in the reduction of inflammation, swelling, bruising, redness and tenderness. Bromelain blocks the production of kinins, which are produced during inflammation.</p> <p>Papain - Smooths skin by breaking down proteins, allows for enzymatic peeling.</p> <p>Proline - An amino acid that improves the strength of the cellular wall, builds protein and is essential to collagen production. Improves skin texture, aids in collagen formation and helps contain the loss of collagen during aging.</p> <p>Hyaluronic Acid (L-sodium Hyaluronate) - Topical application can help replenish the skin and keep the skin plump and hydrated. Delivers and maintains water hydration to protect against free radical damage caused by environmental aggressors. Holds 1000 times its weight in water; prevents transepidermal water loss.</p>
pH	5.6
Directions	When needed apply with clean fingertips to irritated or problem areas in the morning and evening following the glōClear Complexion Pads.
Notes	Patent pending.
Composition	Purified Water, Alcohol Denat., Niacinamide, Carbomer, Sodium Hyaluronate, Salicylic Acid, Ergocalciferol, Tocopheryl Acetate, Disodium EDTA, Sodium Hydroxide, Phenoxyethanol, Sodium Bisulfite, Iodopropynyl Butylcarbamate, Butylene Glycol, Proline, Glutamine, Biotin, Ficin, Bromelain, Papain, Fragrance
Works well with	<p>Retail products: glōClear Acne Cleanser, glōClear Anti-Blemish Cleanser, glōClear Anti-Blemish Treatment, glōClear Complexion Pads, glōClear Refining Mask, glōRenew Serum, glōRetinol CS, glōPure Hydration, glōPurifying Oil Control Emulsion, glōClear Refining Mask</p> <p>Professional products: glōEnzyme, glōSalicylic 30%, glōGlycolic 30%/60%, glōTriplex, glōCalming Seaweed Mask</p>

glōClear Refining Mask

Mission Statement An oil absorbing clay mask intended to clear the skin of breakouts and calm irritation. Proven blemish fighting ingredients give the appearance of smaller pores and leave the skin refined and radiant.

Recommended For Acneic skin, congested, oily, monthly or occasional breakouts

Active Interest

Sulfur - Recommended for acneic skin due to its healing, antibacterial and oil balancing properties and cell-regenerating functions.

Zinc - Used to boost the immune system at the cellular level, increases T-cells, is antibacterial, accelerates healing of wounds, essential for cell growth.

Tea Tree - An essential oil that helps with acne because of its broad-spectrum antimicrobial and anti-bacterial activity. Its astringent effect tea tree oil helps keep skin clean and fresh.

Kaolin - Absorbs sebum secreted by the skin, prevents pore clogging, and adheres well to the skin surface. It is considered non-comedogenic and is used in masks for oily skin to draw out impurities and toxins.

Caprylic/Capric Triglyceride - Improves the permeability barrier of the stratum corneum.

pH 8.5

Directions Apply a thin, even layer on face for 10 minutes. Gently remove with damp, soft cloth. See professional protocols.

Composition Aqua (Water), Glycerin*, Sulfur, Zinc Oxide, Caprylic/Capric Triglyceride, Bentonite, Stearic Acid, Kaolin, Cetyl Alcohol, Titanium Dioxide, Tocopherol (D-alpha), Tocopheryl Acetate (D-alpha), Glycine Soja (Soybean) Protein, Lecithin, Melaleuca Alternifolia (Tea Tree) Leaf Oil, Calendula Officinalis Flower Extract, Brassica Oleracea Italica (Broccoli) Seed Oil, Chamomilla Recutita (Matricaria) Flower Extract, Cucumis Sativus (Cucumber) Fruit Extract, Passiflora Laurifolia (Passionflower) Flower Extract, Glycyrrhiza Glabra (Licorice) Root Extract, Gaultheria Procumbens (Wintergreen) Leaf Oil, Hamamelis Virginiana (Witch Hazel) Water, Glycine Soja (Soybean) Oil, Lonicera Caprifolium (Honeysuckle) Flower Extract, Lonicera Japonica (Honeysuckle) Flower Extract, Citric Acid, Allantoin, Alcohol Denat.*, Xanthan Gum, Glycol Distearate, Glyceryl Stearate, Tetrahexyldecyl Ascorbate, Cyclopentasiloxane, Laureth-23, Dimethicone Ethoxy Glucoside, Laureth-4C12-15 Alkyl Benzoate, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Sodium Hydroxide, Trisodium Ethylenediamine Disuccinate, Cocamidopropyl Hydroxysultaine, Caprylyl Glycol, Phenethyl Alcohol, Carbomer, Dimethicone, Potassium Sorbate, Phenoxyethanol

Works well with Retail products: glōClear Acne Cleanser, glōClear Anti-Blemish Cleanser, glōClear Anti-Blemish Treatment, glōClear Complexion Pads, glōClear Healing Gel, glōRenew Serum, glōRetinol CS, glōPure Hydration, glōPurifying Oil Control Emulsion
